

United States of America
Department of Transportation—Federal Aviation Administration
Supplemental Type Certificate

Number SA00172DE

This certificate, issued to **Aeronautical Systems Corporation**

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified hereon meets the airworthiness requirements of Part 23 of the Federal Aviation Regulations.

Original Product—Type Certificate Number: A12CE
Make: Beech Aircraft Corporation
Model: 60, A60, B60

Description of the Type Design Change:

Installation of Aft Fuselage Ventral Strakes in accordance with Brungard Aviation Report No. BA/ASC-B60 Sections III and IV, initial release, dated February 23, 1995 or later FAA approved revision.

Limitations and Conditions:

1. This approval should not be extended to aircraft of this model on which other previously approved modifications are incorporated unless it is determined that the interrelationship between this change and any of those other previously approved modifications, including changes in type design, will introduce no adverse effect upon the airworthiness of that aircraft.
2. A copy of this Certificate must be maintained as part of the permanent record for the modified aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until surrendered, suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: February 6, 1995

Date reissued:

Date of issuance: July 20, 1995

Date amended:

By direction of the Administrator
